

## My Magical Husky Ride to the Arctic!

Clumsily, I hopped on the sled and fell down on the other side because it was so cold and wet. All the icy wind made my body move lots. The sled was slippery because lots of ice was melting on it. My teeth were chattering so much. I felt happy and filled with joy.

Beneath my feet, I heard snow crunching because the sled was on top of the snow. I heard lots of wind everywhere coming from the west. I heard lots of huskies howling.

I saw lots of snow as it was falling. I saw huskies running so fast. I saw polar bears everywhere.

The wind smelt very cold and fresh. The trees were shaking around. When we lit a fire it went out and smelt like smoke. I was full of joy and happiness. I felt so excited and ready to go. When I was there, I was amazed at how much snow there was.

I was very cold when I landed.
